

WILD GOOSE

V I N E Y A R D S

Only 3 times in its history has Wild Goose been able to produce a “Noble Rot” dessert wine. In 2013 the conditions were perfect to harvest these select raisened berries to produce this rare Okanagan specialty.

Grape Varieties Riesling

Botrytis affected wines are dessert wines that use grape clusters which have been infected with “Noble Rot”. This condition shrivels and concentrates the sugar, resulting in late harvest style that displays honey, citrus, tangerine, spice and intense mineral notes. A handcrafted wine of outstanding quality.

Silver, Okanagan Spring Wine Festival, 2014
 Gold, All Canadian Wine Championships, 2015
 Silver, Riverside International Wine Competition, 2015
